Company History

In 1998, Egleston Children's Health Care System and Scottish Rite Medical Center came together to form Children's Healthcare of Atlanta - one of the largest pediatric systems in the country. The new system had a single priority: children and families. In 2006, Children's assumed responsibility for the management of services at Hughes Spalding Children's Hospital - growing the system to three hospitals and 16 neighborhood locations - all designed to better meet the needs of the community.

It's through teamwork at every level of our organization and with you, the family, that we are able to achieve a high level of excellence in pediatric care.
