### **Description**

**Raytheon: Aspiring to be the most admired defense and aerospace systems company through our world-class people and technology**

Raytheon is a technology and innovation leader specializing in defense, homeland security and other government markets throughout the world. With a history of innovation spanning 89 years, Raytheon provides state-of-the-art electronics, mission systems integration and other capabilities in the areas of sensing; effects; and command, control, communications and intelligence systems, as well as a broad range of mission support services.

### **Our Culture**

At Raytheon, we are committed to driving strategic growth, establishing an inclusive culture, and developing an environment for learning, because companies that depend on innovation must draw upon the skills of lifelong learners.

A key element of the learning process is embedded in our Raytheon Six Sigma™ efforts. With each project and employee experience, we learn more about process improvement and providing value to the customer. Raytheon Six Sigma is part of our DNA structure, and it continues to evolve to meet the needs of the business and our customers.

Raytheon's Vision, Strategy, Goals and Values are the foundation of our company. They serve as the roadmap for our accomplishments and the benchmark by which we measure our performance each year.

### **Diversity**

Diversity at Raytheon is about inclusiveness — providing an atmosphere where everyone feels valued and empowered to perform at a peak level, regardless of the many ways people are different, including but not limited to age, race, gender, sexual orientation, family history or physical ability.

**Raytheon: Aspiring to be the most admired defense and aerospace systems company through our world-class people and technology**
