

Title: Endowed Chair in Immunology Research - Date Printed: 06/23/2018
Department of Pathology

Job Posted On: 02/22/2018

Posting Expiration Date: 06/23/2018

Work Location: Iowa City, Iowa,

Description

The Department of Pathology at The University of Iowa Roy J. and Lucille A. Carver College of Medicine is seeking basic scientist and physician scientist candidates for a tenure-track faculty position associated with an endowed chair appointment.

There is broad flexibility in terms of the specific focus of immunology research, although there are natural departmental and institutional synergies in the areas of autoimmunity, basic T- and B-cell biology, neuroinflammation and infectious disease immunology. In addition to appointment on an endowed chair, lucrative startup packages are available that may include resources for programmatic development beyond the candidate's own laboratory. The selected applicant will receive a primary appointment in the Department of Pathology, with opportunities for secondary appointments in other departments and programs. The University of Iowa is home to a range of outstanding research groups and centers that foster a collaborative and supportive environment for basic and clinical scientists.

Required Skills

Candidates must have a doctoral degree (Ph.D., M.D. or equivalent) and have a record of ongoing immunology research with robust extramural funding. Candidates should also have excellent communication skills. Successful candidates will be expected to run a strong research program in immunology, in addition to participating in clinical service and education (as appropriate). For appropriately board certified M.D. or Ph.D. candidates, any area of clinical expertise in Pathology will be considered.

Comments

Iowa City is part of a cosmopolitan area with a population of almost 100,000. The city and university are part of a historic campus community offering an array of cultural and athletic activities, including outstanding theatre and music venues, well-recognized art collections, a thriving literary tradition, ethnically diverse restaurants and a full menu of Big Ten sports. Iowa City has the diverse atmosphere of a much larger city while having the feel of a small friendly campus town. The area also boasts a multitude of local, state and national recreation areas, with many hiking and biking trails as well as water related activities. Location is approximately 4-5 hours by car from Chicago, St. Louis, Minneapolis, Omaha and Kansas City and within 20 minutes of the Eastern Iowa airport.

Kind: Full Time

Level: Faculty

Apply

Letters of application should include a CV, statement of career goals, research plans, and the names and addresses of three individuals who can provide letters of reference.

The University of Iowa is an equal opportunity affirmative action employer. All qualified applicants are encouraged to apply and will receive consideration for employment free from discrimination on the basis of race, creed, color, national origin, age, sex, pregnancy, sexual orientation, gender identity, genetic information, religion, associational preference, status as a qualified individual with a disability, or status as a protected veteran.

To apply for this position, visit the University of Iowa website at <https://jobs.uiowa.edu/content/faculty/> and enter requisition number 71723.
